

Table of Contents

Welcome to TypeScript Gamified!	6
Content	7
Pre-requisites	7
Let's get started!	8
Level 1	10
1. Introduction to TypeScript	10
2. TypeScript Compiler	17
Challenge: Create your First TypeScript Project	24
Level 2	31
1. Primitive Types	31
2. Arrays	31
3. Any	32
4. Anonymous Object Types	34
5. Type Annotations	36
6. Functions	41
Challenge: Create a Pixel Canvas using HTML and TypeScript	47
Level 3	60
1. About Type Aliases	60
2. About Interfaces	63
3. Interfaces vs. Type Aliases	64
4. Classes	65
Challenge: Create a terminal-based memory game using emojis	72
Level 4	85
1. Union Types	85
2. Property Modifiers	91
3. Non-null Assertion Operator	96
4. Literal Types	101
5. Modules	106
Challenge: Create a Fishing Mini-Game	116
Level 5	131
1. Getters & Setters	131
2. Static Members	135

3. Class Inheritance	138
4. Access Modifiers	148
5. Implementing Interfaces	152
6. Abstract Classes	162
Challenge: Create a Dungeon Crawler REST API	171
Level 6	196
1. Type Assertions	196
2. Intersection Types	203
3. Type Guards	215
4. Type Predicates	221
5. Enums	226
Challenge: Create a Multi-platform Game	233
